Freie Bilder für Ihren Unterricht!

Hier entsteht ein vom **Tiroler Bildungservice (TIBS)** initiiertes frei zugängliches Repository mit Bildern (Fotos und Grafiken), welche einer eindeutigen **Creative Commons Lizenz** unterliegen und daher im nicht kommerziellen (Bildungs-)Bereich bedenkenlos einsetzbar sind. Über eine Suchmaske sind Bilder ohne Login nach verschiedenen Kriterien **abruf- und downloadbar**. Tiroler LehrerInnen können selbst Bilder in den Pool **hochladen** und mit Metadaten beschreiben. Und - die Website ist werbungsfrei!

Creative Commons - Lizenzkomponenten

 BY	Attribution Others can copy, distribute, perform and remix your work if they credit your name as specified by you.
 ND	No Derivative Works Others can only copy, distribute, or perform verbatim copies of your work.
 SA	Share Alike Others can distribute your work only under a license identical to the one you have chosen for your work.
 NC	Non-Commercial Others can copy, distribute, display, perform or remix your work but for non-commercial purposes only.

CC – Lizenzkombinationen

	Attribution CC BY This license lets others distribute, remix, tweak, and build upon your work, even commercially, as long as they credit you for the original creation. This is the most accommodating of licenses offered. Recommended for maximum dissemination and use of licensed materials.
	Attribution-NoDerivs CC BY-ND This license allows for redistribution, commercial and non-commercial, as long as it is passed along unchanged and in whole, with credit to you.
	Attribution-NonCommercial-ShareAlike CC BY-NC-SA This license lets others remix, tweak, and build upon your work non-commercially, as long as they credit you and license their new creations under the identical terms.
	Attribution-ShareAlike CC BY-SA This license lets others remix, tweak, and build upon your work even for commercial purposes, as long as they credit you and license their new creations under the identical terms. This license is often compared to “copyleft” free and open source software licenses. All new works based on yours will carry the same license, so any derivatives will also allow commercial use. This is the license used by Wikipedia, and is recommended for materials that would benefit from incorporating content from Wikipedia and similarly licensed projects.
	Attribution-NonCommercial CC BY-NC This license lets others remix, tweak, and build upon your work non-commercially, and although their new works must also acknowledge you and be non-commercial, they don't have to license their derivative works on the same terms.
	Attribution-NonCommercial-NoDerivs CC BY-NC-ND This license is the most restrictive of our six main licenses, only allowing others to download your works and share them with others as long as they credit you, but they can't change them in any way or use them commercially.
